KEY HIGHLIGHTS

The car rental market is defined as revenues generated by car rental companies for self-drive cars for hire. The market value is made up of car rentals for business, leisure purposes and Insurance replacement. Market volumes represent the size of the rental car fleet within the respective countries. The calculation excludes leasing and long term rentals. Taxis/cabs or any other passenger vehicles driven by drivers are excluded from the calculation. The distribution channels are represented by airport and non airport locations calculated for leisure and business segments only. Other distribution channel represents the value of the fleet rented for insurance purpose. All market data and forecasts are represented in nominal terms (i.e., without adjustment for inflation) and all currency conversions used in the creation of this report have been calculated using constant 2021 annual average exchange rates.

The Indian car rental market had total revenues of \$100.6 million in 2021, representing a compound annual growth rate (CAGR) of -2.7% between 2016

and 2021.

The size of the rental fleet increased with a CAGR of 0.6% between 2016 and 2021, to reach a total of 13.4 thousand vehicles in 2021.
