Insurance in Australia - Market Summary, Competitive Analysis and Forecast to 2025

SUMMARY

Insurance in Australia industry profile provides top-line qualitative and quantitative summary information including: market size (value 2016-20, and forecast to 2025). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The insurance market consists of the non-life and life insurance sectors. The value of the market is shown in terms of gross premium incomes.

The Australian insurance market had total gross written premiums of \$62.9bn in 2020, representing a compound annual rate of change (CARC) of -5.4% between 2016 and 2020.

The non-life Insurance segment was the market's most lucrative in 2020, with total gross written premiums of \$48.3bn, equivalent to 76.8% of the market's overall value.

The future of the pandemic remains uncertain, which makes it difficult to predict the long-term performance of the non-life insurance market. However, it is already clear that insurers will need to adapt.
