SUMMARY

Insurance in Egypt industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value 2016-20, and forecast to 2025). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The insurance market consists of the non-life and life insurance sectors. The value of the market is shown in terms of gross premium incomes.

The Egyptian insurance market had total gross written premiums of \$2.4bn in 2020, representing a compound annual growth rate (CAGR) of 20.6% between 2016 and 2020.

The non-life insurance segment was the market's most lucrative in 2020, with total gross written premiums of \$1.3bn, equivalent to 54.2% of the market's overall value.

Alongside the country's wider economic development, the Egyptian insurance market has also been expanding. This has been bolstered by increased uptake of certain types of non-life insurance, such as health and personal accident, as well as government legislation making some insurance mandatory in the

country.
