REASONS TO BUY

What was the size of the Venezuela insurance market by value in 2015?

What will be the size of the Venezuela insurance market in 2020?

What factors are affecting the strength of competition in the Venezuela insurance market?

How has the market performed over the last five years?

What are the main segments that make up Venezuela's insurance market?

KEY HIGHLIGHTS

The insurance market consists of the non-life insurance sector and the life insurance sector. The value of the market is shown in terms of gross premium incomes.

The Venezuelan insurance market had total gross written premiums of \$51.5bn in 2015, representing a compound annual growth rate (CAGR) of 62.6% between 2011 and 2015.

The non-life Insurance segment was the market's most lucrative in 2015, with total gross written premiums of \$49.9bn, equivalent to 96.8% of the market's overall value.

Although inflation is a key factor behind the strong growth seen in this market in recent years, 2015 also saw steep real price hikes.
