Abstracts

Internet Access Top 5 Emerging Markets Industry Guide 2017

SUMMARY

The Emerging 5 Internet Access industry profile provides top-line qualitative and quantitative summary information including: market size (value and volume 2012-16, and forecast to 2021). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY QUESTIONS ANSWERED

What was the size of the emerging five internet access market by value in 2016?

What will be the size of the emerging five internet access market in 2021?

What factors are affecting the strength of competition in the emerging five internet access market?

How has the market performed over the last five years?

What are the main segments that make up the emerging five internet access market?

SCOPE

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the emerging five internet access market

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the emerging five internet access market

Leading company profiles reveal details of key internet access market players' emerging five operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the emerging five internet access market with five year forecasts by both value and volume

Compares data from Brazil, China, India, Mexico and South Africa, alongside individual chapters on each country

REASONS TO BUY

These countries contributed \$3,71,095.5 million to the global internet access industry in 2016, with a compound annual growth rate (CAGR) of 11.8% between 2007 and 2011. The top 5 emerging countries are expected to reach a value of \$5,80,056.1 million in 2021, with a CAGR of 9.3% over the 2016-21 period.

Within the internet access industry, China is the leading country among the top 5 emerging nations, with market revenues of \$2,54,919.3 million in 2016. This was followed by Brazil and India with a value of \$43,844.6 and \$43,653.0 million, respectively.

China is expected to lead the internet access industry in the top five emerging nations, with a value of \$3,56,060.9 million in 2021, followed by India and Brazil with expected values of \$1,03,572.2 and \$80,106.6 million, respectively.
