Internet Access in Russia

Summary

Internet Access in Russia industry profile provides top-line qualitative and quantitative summary information including: market size (value 2018-23, and forecast to 2028). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

The Internet access market includes all Internet service revenues collected to provide narrowband and broadband Internet access through consumer and business channels. All revenues calculated are retail revenues that are exclusive of taxes. Only fixed communication is included, and mobile phone connections are not considered.

The Russian internet access market recorded revenues of \$2.7 billion in 2023, representing a compound annual growth rate (CAGR) of 0.4% between 2018 and 2023.

Market consumption volume increased with a CAGR of 2.7% between 2018 and 2023, to reach a total of 125.0 million internet users in 2023.

In 2023, the Russian internet access market witnessed an annual contraction of 11.2%.

The contraction is attributed to the ongoing effects of multiple foreign internet

providers leaving the country due to its invasion of Ukraine in 2022.
