Abstracts

Korea Electric Power Corporation. Company Profile and SWOT Analysis

Summary

Korea Electric Power Corporation. Company Profile and SWOT Analysis, is a source of comprehensive company data and information. The report covers the company's structure, operation, SWOT analysis, product and service offerings and corporate actions, providing a 360° view of the company.

Key Highlights

Korea Electric Power Corporation (KEPCO or 'the company') is an integrated electric utility company that generates, transmits, and distributes electricity. It sells nuclear fuel, offers communication line leasing, and is involved in construction and operation of thermal and nuclear power plants, maintenance and engineering services for power plants, transmission lines, substations, and industrial facilities. The company also provides information services, engineering service and plant maintenance. Its thermal unit generates electricity using steam turbine generators fired by coal and oil. KEPCO purchases electricity from the generation subsidiaries and independent power producers. It serves residential, commercial, and industrial customers. The company is headquartered in Naju-si, Jeollanam-do, South Korea.
