Leisure Attractions in Canada

Summary

Leisure Attractions in Canada industry profile provides top-line qualitative and quantitative summary information including: market size (value 2016-20, and forecast to 2025). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

The leisure attractions sector includes revenues generated by recreational attractions, such as museums, historical sites and similar institutions, and amusement parks and arcades.

The Canadian leisure attractions sector is forecast to generate total revenues of \$1.2bn in 2020, representing a compound annual rate of change (CARC) of -3.6% between 2016 and 2020.

The museums & historical sites segment is expected to be the sector's most lucrative in 2020, with total revenues of \$800m, equivalent to 70.5% of the sector's overall value.

The COVID-19 pandemic has taken a massive toll on this sector in 2020, although the relatively slow levels of growth prior to 2020 in Canada have meant that the dip has been less severe than in the US
