Key Highlights

Life insurance & pension is the financial cover for a contingency linked with human life, like death, disability, accident, retirement etc. Human life is subject to risks of death and disability due to natural and accidental causes. When human life is lost or a person is disabled permanently or temporarily, there is loss of income to the household.

The Egyptian life insurance & pension market recorded gross written premiums of \$1.1 billion in 2023, representing a compound annual growth rate (CAGR) of 9% between 2018 and 2023.

The life insurance segment accounted for the market's largest proportion in 2023, with total gross written premiums of \$0.8 billion, equivalent to 77.9% of the market's overall value.

The slowdown in Egyptian economic growth has been affecting the life insurance & pension market. While a growing economy usually drives demand for life insurance through higher employment, better wages, and greater

financial stability, recent economic conditions have presented challenges. According to the Ministry of Planning, Egypt Egypt's real GDP growth rate stood at 3.8% in 2023, down from 6.6% in 2022.
