The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

Life insurance & pension is the financial cover for a contingency linked with human life, like death, disability, accident, retirement etc. Human life is subject to risks of death and disability due to natural and accidental causes. When human life is lost or a person is disabled permanently or temporarily, there is loss of income to the household.

The Nigerian life insurance & pension market recorded gross written premiums of \$0.6 billion in 2023, representing a compound annual growth rate (CAGR) of 0.9% between 2018 and 2023.

The life insurance segment accounted for the market's largest proportion in 2023, with total gross written premiums of \$0.5 billion, equivalent to 80.7% of the market's overall value.

The decline in Nigeria's life insurance & pension market is mainly due to high inflation and a devalued currency, further tightening household budgets.

According to the National Bureau of Statistics, Nigeria's headline inflation rate surged to 28.9% in December 2023, reflecting an increase of 7.5 percentage points from the 21.3% recorded in December 2022.
