## Abstracts

Mobile Apps in United Arab Emirates

### SUMMARY

Mobile Apps in United Arab Emirates industry profile provides top-line qualitative and quantitative summary information including: market size (value 2013-17, and forecast to 2022). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

### KEY HIGHLIGHTS

The mobile applications market is valued using a bottom-up approach that takes into consideration the average number of user and/or accounts of a particular technology in a given year and the average monthly revenue per subscription (ARPS) during that same year. Non-recurring fees such as activation fees are not accounted for. Revenues are exclusive of VAT.

The Emirati mobile apps market is expected to generate total revenues of \$2.7bn in 2018, representing a compound annual growth rate (CAGR) of 10.7% between 2014 and 2018.

The browsing/WAP segment is expected to be the market's most lucrative in 2018, with total revenues of \$1.8bn, equivalent to 68.2% of the market's overall value.

The Emirati market will benefit by being an early adopter of 5G by creating products to suit 5G that will be on the market earlier than in countries which are slower to create 5G networks.

## SCOPE

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the mobile apps market in United Arab Emirates

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the mobile apps market in United Arab Emirates

Leading company profiles reveal details of key mobile apps market players' global operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the United Arab Emirates mobile apps market with five year forecasts

## REASONS TO BUY

What was the size of the United Arab Emirates mobile apps market by value in 2017?

What will be the size of the United Arab Emirates mobile apps market in 2022?

What factors are affecting the strength of competition in the United Arab Emirates mobile apps market?

How has the market performed over the last five years?

What are the main segments that make up United Arab Emirates's mobile apps market?
