## Abstracts

Motor Insurance in the United Kingdom

### SUMMARY

Motor Insurance in the United Kingdom industry profile provides top-line qualitative and quantitative summary information including: market size (value 2012-16, and forecast to 2021). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

### SYNOPSIS

Essential resource for top-line data and analysis covering the United Kingdom motor insurance market. Includes market size and segmentation data, textual and graphical analysis of market growth trends, leading companies and macroeconomic information.

### KEY HIGHLIGHTS

The motor insurance market has been subject to a series of insurance premium tax increases over the last two years, adding to the rising price of premiums trend. These had an inflating impact on the value of net written premiums in 2016, while the growth in demand was not significantly affected.

### SCOPE

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the motor insurance market in the United Kingdom

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the motor insurance market in the United Kingdom

Leading company profiles reveal details of key motor insurance market players' global operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the United Kingdom motor insurance market with five year forecasts
