SUMMARY

Online Retail in Philippines industry profile provides top-line qualitative and quantitative summary information including: market size (value 2016-21, and forecast to 2026). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The online retail market includes all sales within Clothing & Footwear, Electricals, Food & Grocery, Health & Beauty, Home and Other (Books, News & Stationery, Jewelry & Watches, Luggage & Leather Goods, Music, Video & Entertainment Software, Sports & Leisure Equipment and others) segments, provided they take place over the internet, where the payment does not occur in-store on a later occasion. Data is included irrespective of whether the vendor is a pure-play internet company or the online offering of a bricks and mortar retailer. Online specialists retailers include sell only via the internet. Other online retail is a sell done online by retailers that also operate via offline channels (in-store, mail order, direct selling, etc.)

The Filipino online retail market had total revenues of \$6,524.9m in 2021, representing a compound annual growth rate (CAGR) of 52.9% between 2017 and 2021.

Online Specialists account for the largest proportion of sales in the Filipino online retail market in 2021, sales through this channel generated \$4,246.1m, equivalent to 65.1% of the market's overall value.

Rising consumer preferences for online shopping, increasing number of online merchants, proliferation of alternative payment solutions and government support will support ecommerce sales in the Philippines.
