### KEY HIGHLIGHTS

The non-life insurance market consists of the general insurance market segmented into motor, property, liability and other insurance. The other segment is made up of non-life insurance products including health, travel, and accident cover among others. The value of the non-life insurance market is shown in terms of gross premium incomes. Gross premium income is defined as the insurer's premium income for the year from its policies, calculated without reduction for reinsurance premiums paid or payable by the insurer.

The Portuguese non-life insurance market had total gross written premiums of \$7.1 billion in 2022, representing a compound annual growth rate (CAGR) of 5.7% between 2017 and 2022.

The Motor segment accounted for market's the largest proportion in 2022, with total gross written premiums of \$2.3 billion, equivalent to 32.8% of the market's

overall value.

The Portugal non-life insurance market experienced rather moderate growth overall in the historic period, with a growth rate of 6.6% in 2022. The cost of claims for non-life insurance companies will increase as a result of inflation raising the expenses of Portugal's insurance clients.
