Abstracts

Power Generation BRIC (Brazil, Russia, India, China) Industry Guide 2017

SUMMARY

The BRIC Power Generation industry profile provides top-line qualitative and quantitative summary information including: market size (value and volume 2013-17, and forecast to 2022). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

SYNOPSIS

Essential resource for top-line data and analysis covering the BRIC power generation market. Includes market size and segmentation data, textual and graphical analysis of market growth trends and leading companies.

KEY HIGHLIGHTS

Brazil, Russian Federation, India and China (BRIC) are the emerging and fast growing countries within the power generation industry and had a total market value of \$589.7 billion in 2017. India was the fastest growing country with a CAGR of 9.5% over the 2013-17 period.

Within the power generation industry, China is the leading country among the BRIC nations with market revenues of \$440.2 billion in 2017. This was followed by India, Brazil and Russia with a value of \$100.2, \$31.2, and \$18.0 billion, respectively.

China is expected to lead the power generation industry in the BRIC nations with a value of \$575.2 billion in 2022, followed by India, Brazil, Russia with expected values of \$131.7, \$41.1 and \$19.2 billion, respectively.

SCOPE

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the BRIC power generation market

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the BRIC power generation market

Leading company profiles reveal details of key power generation market players' BRIC operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the BRIC power generation market with five year forecasts by both value and volume

Compares data from Brazil, Russia, India, and China, alongside individual chapters on each country

REASONS TO BUY

What was the size of the BRIC power generation market by value in 2017?

What will be the size of the BRIC power generation market in 2022?

What factors are affecting the strength of competition in the BRIC power generation market?

How has the market performed over the last five years?

What are the main segments that make up the BRIC power generation market?
