Abstracts

Proengin SA %li%Strategy, SWOT and Corporate Finance Report

Summary

Proengin SA %li%Strategy, SWOT and Corporate Finance Report, is a source of comprehensive company data and information. The report covers the company's structure, operation, SWOT analysis, product and service offerings and corporate actions, providing a 360° view of the company.

Key Highlights

Proengin SA (Proengin) is a provider of chemical and biological warfare agents detection systems. The company uses flame spectrometry technology to manufacture field usable chemical and biological detectors. It uses the same technology to develop alarm biological detector known as MAB. Proengin's chemical detectors include AP4C and S4PE sampling kit. The flame spectrometry technology is highly sensitive, fast response, simultaneously detects several chemical compounds and reliable. The company designs, develops, manufactures and markets maintenance equipment and accessories including the portable test bench, the refilling bench, two radio modules, training kit and S4PE. Its major customers include the French Ministry of Defense, the armed forces, civil defense, police forces, customs and first responders. Proengin is headquartered in Paris, France
