Publishing Global Industry Almanac 2018-2027

Summary

Global Publishing industry profile provides top-line qualitative and quantitative summary information including: market size (value , and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

The publishing market is segmented into books, newspapers, and magazines.

The books segment includes both physical and e-books. The physical books cover atlases, dictionaries, encyclopaedias, textbooks, guidebooks, musical scores, maps, fiction, and non-fiction. The e-books consist of electronic books that can be read on computers or other electronic devices such as tablets.

The newspaper segment includes revenues generated from the selling of newspapers including those gained through circulation, subscription (including online subscription), and advertising revenue.

The magazine segment value is calculated as the revenues generated by publishers from the sales of hard copies and online subscriptions.

All market data and forecasts are represented in nominal terms (i.e., without adjustment for inflation) and all currency conversions used in the creation of this report have been calculated using constant 2022 annual average exchange

rates.

The Asia-Pacific region accounted for the largest share of 50.0% of the global publishing market in 2022.
