Publishing in Asia-Pacific

Summary

Publishing in Asia-Pacific industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2018-23, and forecast to 2028). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

The publishing market is segmented into books, newspapers, and magazines.

The Asia-Pacific publishing market recorded revenues of \$134,940.9 million in 2023, representing a negative compound annual growth rate (CAGR) of 1.1% between 2018 and 2023.

The books segment accounted for the market's largest proportion in 2023, with total revenues of \$88,095.5 million, equivalent to 65.3% of the market's overall value.

China's economic challenges also contributed to the market's contraction in 2023. The ongoing impacts of the pandemic, coupled with supply chain disruptions and trade tensions, led to slower economic growth and reduced consumer spending power.
