SUMMARY

Real Estate in Spain industry profile provides top-line qualitative and quantitative summary information including: market size (value 2016-20, and forecast to 2025). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The real estate industry looks at renting and leasing residential properties. The industry is valued using the total revenues generated by landlords via the leasing and renting of private and council properties. Values are calculated using the average annual rent multiplied by the number of rented properties.

The Spanish Real Estate Industry had total revenues of \$47.2bn in 2020, representing a compound annual growth rate (CAGR) of 3.8% between 2016 and 2020.

Industry consumption volume increased with a CAGR of 2.5% between 2016 and 2020, to reach a total of 4.5 million units in 2020.

In 2020, the pandemic had a large impact on household income, impairing the ability for some tenants to pay their rental agreements.
