Abstracts

Renewable Energy BRIC (Brazil, Russia, India, China) Industry Guide 2017-2021

SUMMARY

The BRIC Renewable Energy industry profile provides top-line qualitative and quantitative summary information including: market size (value and volume 2012-16, and forecast to 2021). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

SYNOPSIS

Essential resource for top-line data and analysis covering the BRIC renewable energy market. Includes market size and segmentation data, textual and graphical analysis of market growth trends and leading companies.

KEY HIGHLIGHTS

Brazil, Russian Federation, India and China (BRIC) are the emerging and fast growing countries within the renewable energy industry and had a total market value of \$239.0 billion in 2016. China was the fastest growing country with a CAGR of 17.3% over the 2012-16 period.

Within the renewable energy industry, China is the leading country among the BRIC nations with market revenues of \$181.2 billion in 2016. This was followed by Brazil, India and Russia with a value of \$35.6, \$15.1, and \$7.1 billion, respectively.

China is expected to lead the renewable energy industry in the BRIC nations with a value of \$370.6 billion in 2021, followed by Brazil, India, Russia with expected values of \$46.4, \$22.5 and \$15.2 billion, respectively.

SCOPE

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the BRIC renewable energy market

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the BRIC renewable energy market

Leading company profiles reveal details of key renewable energy market players' BRIC operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the BRIC renewable energy market with five year forecasts by both value and volume

Compares data from Brazil, Russia, India, and China, alongside individual chapters on each country

REASONS TO BUY

What was the size of the BRIC renewable energy market by value in 2016?

What will be the size of the BRIC renewable energy market in 2021?

What factors are affecting the strength of competition in the BRIC renewable energy market?

How has the market performed over the last five years?

What are the main segments that make up the BRIC renewable energy market?

Contents
