Russia Airlines Market Summary, Competitive Analysis and Forecast to 2027

Summary

Airlines in Russia industry profile provides top-line qualitative and quantitative summary information including: market size (value and volume 2017-22, and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

The airlines industry covers passenger air transportation, including scheduled flights but excludes air freight transport. The market segments include charter, low-cost, and full-service airlines.

The Russian airlines industry had total revenues of \$10.5 billion in 2022, representing a negative compound annual growth rate (CAGR) of 18% between 2017 and 2022.

Industry consumption volumes declined with a negative CAGR of -13% between 2017 and 2022, to reach a total of 64.8 million number of seats in 2022.

Russian airlines are straining under the weight of Western sanctions, which have effectively cut off the already ailing industry from critically needed imported parts.
