Russia BPO Services Market Summary, Competitive Analysis and Forecast to 2027

### Summary

BPO Services in Russia industry profile provides top-line qualitative and quantitative summary information including: market size (value 2017-22, and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

### Key Highlights

BPO services include revenues generated both from signed deals that remain under contract and the annual revenues associated with new contracts signed within a particular calendar year. The services include the outsourcing of functions such as customer relationship management, knowledge process outsourcing, finance & accounting, human resources, procurement, and vertical-specific processes. The total value of the market represents the demand for the service coming from a particular country.

The Russian BPO services market had total revenues of \$2.4 billion in 2022, representing a compound annual growth rate (CAGR) of 6.2% between 2017 and 2022.

The vertical-specific BPO segment accounted for the market's largest proportion in 2022, with total revenues of \$0.6 billion, equivalent to 26.5% of the market's overall value.

According to the International Monetary Fund (IMF), Russia's economy may continue to shrink in 2023, as a result of restrictive measures targeting the import and the export of certain goods and services to Russia.
