## Abstracts

SEAKR Engineering Inc - Strategy, SWOT and Corporate Finance Report

### SUMMARY

SEAKR Engineering Inc - Strategy, SWOT and Corporate Finance Report, is a source of comprehensive company data and information. The report covers the company's structure, operation, SWOT analysis, product and service offerings and corporate actions, providing a 360° view of the company.

### KEY HIGHLIGHTS

SEAKR Engineering Inc (SEAKR Engineering) is a provider of data storage and processing systems for space applications. The company designs and produces high-complexity, high-mix and low to mid volume electronic assemblies for space, military, and commercial industrial applications. It also offers turn-key services to developers of commercial satellite and aerospace systems for procuring commercial space assemblies from a single source. The company provides flash memory cards, data storage units, data management systems, vision processing units, communications on board processors, solid-state recorders, internet routers and modems and payload controllers. Its solutions are used to support various satellite subsystems comprising processors, control and data handling systems, advanced communications payloads and manned space hardware. SEAKR Engineering is headquartered in Centennial, Colorado, the US
