### Singapore Publishing Market Summary and Forecast

#### Summary

Publishing in Singapore industry profile provides top-line qualitative and quantitative summary information including: market size (value 2017-22, and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

#### Key Highlights

The publishing market is segmented into books, newspapers, and magazines.

The Singaporean publishing market had total revenues of \$1.5 billion in 2022, representing a negative compound annual growth rate (CAGR) of 0.4% between 2017 and 2022.

The books segment accounted for the market's largest proportion in 2022, with total revenues of \$0.9 billion, equivalent to 62.7% of the market's overall value.

As social media and the widespread use of mobile devices continue to disrupt the newspaper market, there will likely be more decreases in Singapore's publication business.
