SUMMARY

Steel in South Africa industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value 2016-21, and forecast to 2026). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The steel market consists of the production of crude steel in the stated country or region.

The South African steel market had total revenues of \$5.1 billion in 2021, representing a compound annual growth rate (CAGR) of 12% between 2016 and 2021.

Market consumption volumes declined with a CAGR of -4% between 2016 and 2021, to reach a total of 5 million tons in 2021.

In 2021, the South African market surged to strong growth and came out from continuous contraction in the last two years. This is attributed to pent-up housing demand from last year and overall construction industry growth on account of economic recovery
