The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

### KEY HIGHLIGHTS

The steel market consists of the production of crude steel in the stated country or region.

The Spanish steel market had total revenues of \$16.5 billion in 2021, representing a compound annual growth rate (CAGR) of 17% between 2016 and 2021.

Market consumption volume increased with a CAGR of 0.8% between 2016 and 2021, to reach a total of 14.2 million tons in 2021.

In 2021, the German market surged to strong growth and came out from continuous contraction in last two years. This is attributed to economic recovery from COVID-19 and revival of house sales in the country, which attained their highest level since 2008 in 2021.
