SUMMARY

Telecommunication Services in Argentina industry profile provides top-line qualitative and quantitative summary information including: market size (value and volume 2015-19, and forecast to 2024). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The Telecommunication Services market is defined as the total volume and value of both the Fixed Line Telecommunications market and the Wireless Telecommunications market. The market volume here is defined as the total number of fixed-line telephones and mobile subscribers.

The Argentinian telecommunication services market had total revenues of \$6.1bn in 2019, representing a compound annual rate of change (CARC) of -12.5% between 2015 and 2019.

The wireless segment was the market's most lucrative in 2019, with total revenues of \$4.1bn, equivalent to 67.1% of the market's overall value.

High inflation rates in the Argentinian economy in recent years - rates reaching 40% - have eroded the market.
