The top 5 emerging countries are expected to reach a value of \$65,734.4 million in 2027, with a CAGR of 4.8% over the 2022-27 period.

Within the aerospace & defense industry, China is the leading country among the top 5 emerging nations, with market revenues of \$26,186.3 million in 2022. This was followed by India and South Africa with a value of \$19,236.0 and \$3,128.5 million, respectively.

China is expected to lead the aerospace & defense industry in the top five emerging nations, with a value of \$33,149.6 million in 2027, followed by India and South Africa with expected values of \$25,718.0 and \$3,041.4 million,

respectively.

Scope

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the emerging five aerospace & defense market

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the emerging five aerospace & defense market

Leading company profiles reveal details of key aerospace & defense market players' emerging five operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the emerging five aerospace & defense market with five year forecasts

Compares data from Brazil, China, India, Mexico and South Africa, alongside individual chapters on each country

Reasons to Buy

What was the size of the emerging five aerospace & defense market by value in 2022?

What will be the size of the emerging five aerospace & defense market in 2027?

What factors are affecting the strength of competition in the emerging five aerospace & defense market?

How has the market performed over the last five years?

What are the main segments that make up the emerging five aerospace & defense market?
