Top 5 Emerging Countries Construction Materials Market @Summary, Competitive Analysis and Forecast, 2017-2026

SUMMARY

The Emerging 5 Construction Materials industry profile provides top-line qualitative and quantitative summary information including: market size (value 2017-21, and forecast to 2026). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

These countries contributed \$767,367.4 million to the global construction materials industry in 2021, with a compound annual growth rate (CAGR) of 6.5% between 2007 and 2011. The top 5 emerging countries are expected to reach a value of \$1,105,955.5 million in 2026, with a CAGR of 7.6% over the 2021-26 period.

Within the construction materials industry, China is the leading country among the top 5 emerging nations, with market revenues of \$654,608.6 million in 2021. This was followed by India and Mexico with a value of \$85,929.1 and \$11,677.6 million, respectively.

China is expected to lead the construction materials industry in the top five emerging nations, with a value of \$933,928.9 million in 2026, followed by India

and Mexico with expected values of \$135,689.2 and \$15,641.9 million, respectively.

SCOPE

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the emerging five construction materials market

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the emerging five construction materials market

Leading company profiles reveal details of key construction materials market players' emerging five operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the emerging five construction materials market with five year forecasts

Compares data from Brazil, China, India, Mexico and South Africa, alongside individual chapters on each country

REASONS TO BUY

What was the size of the emerging five construction materials market by value in 2021?

What will be the size of the emerging five construction materials market in 2026?

What factors are affecting the strength of competition in the emerging five construction materials market?

How has the market performed over the last five years?

What are the main segments that make up the emerging five construction materials market?
