Top 5 Emerging Countries Government Spending Market Summary, Competitive Analysis and Forecast to 2027

Summary

The Emerging 5 Government Spending industry profile provides top-line qualitative and quantitative summary information including: sector size (value 2018-22, and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the sector.

Key Highlights

These countries contributed \$5,708.1 billion to the global government spendings industry in 2022, with a compound annual growth rate (CAGR) of 6.3% between 2007 and 2011. The top 5 emerging countries are expected to reach a value of \$7,803.1 billion in 2027, with a CAGR of 6.5% over the 2022-27 period.

Within the government spendings industry, China is the leading country among the top 5 emerging nations, with market revenues of \$3,872.4 billion in 2022. This was followed by Brazil and India with a value of \$739.3 and \$543.6 billion, respectively.

China is expected to lead the government spendings industry in the top five emerging nations, with a value of \$4,727.5 billion in 2027, followed by Brazil and India with expected values of \$1,402.0 and \$890.4 billion, respectively.

Scope

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the emerging five government spending sector

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the emerging five government spending sector

Leading company profiles reveal details of key government spending sector players' emerging five operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the emerging five government spending sector with five year forecasts

Compares data from Brazil, China, India, Mexico and South Africa, alongside individual chapters on each country

Reasons to Buy

What was the size of the emerging five government spending sector by value in 2022?

What will be the size of the emerging five government spending sector in 2027?

What factors are affecting the strength of competition in the emerging five government spending sector?

How has the sector performed over the last five years?

What are the main segments that make up the emerging five government spending sector?
