Abstracts

Top 5 Food Retail Companies - Company Chartbooks

SUMMARY

All markets and industries have been affected by COVID-19 - some have benefited financially while the majority of companies in every industry have suffered. Political uncertainty, swings in commodity prices, changes to consumer demand and damage to global financial markets have all played a part in the last five years but have been particularly apparent in 2020.

KEY HIGHLIGHTS

The top five companies in the Food Retail industry had revenues that amounted to \$1026bn in 2020.

The industry's top five companies benefited financially following the COVID-19 pandemic in 2020.

Walmart Inc leads the global market, generating approximately \$559bn in revenues in 2020.

SCOPE

Ranks the top five revenue-generating companies in the industry

Explores five years of financial data for the top five companies

Compares the growth in revenue and net profits for each company over time

Looks at five levels of analysis - revenues, income, company stock, cash flow and assets

Considers share prices and their relative fluctuation over time

REASONS TO BUY

What are the leading companies in the market?

How does the performance of the leading companies compare?

How have their revenues and profits changed over time?

How does the share price growth of the leading companies compare?

How volatile are the share prices of the leading companies?

How do companies compare across several key financial metrics?
