The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The construction market is defined as the value of work put in place annually for both, residential and non-residential construction.

The Turkish Construction industry had total revenues of \$132.8bn in 2021, representing a compound annual growth rate (CAGR) of -8% between 2016 and 2021.

The Residential Construction segment was the industry's most lucrative in 2021, with total revenues of \$79.7bn, equivalent to 60% of the industry's overall value.

Decline in 2020 of 8.1% can be attributed to the COVID-19 pandemic which greatly impacted the Turkish construction market as supply chain disruptions delayed construction projects and inhibited growth in the market.
