SUMMARY

Life Insurance in United Arab Emirates industry profile provides top-line qualitative and quantitative summary information including: market size (value 2017-22, and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The value of the life insurance market is shown in terms of gross premium incomes from mortality protection and retirement savings plans.

The Emirati life insurance market had total gross written premiums of \$2.3 billion in 2022, representing a negative compound annual growth rate (CAGR) of 2.4% between 2017 and 2022.

The life insurance segment accounted for the market's largest proportion in 2022, with total gross written premiums of \$2.3 billion, equivalent to 97.9% of the market's overall value.

A positive macroeconomic environment that kept consumer confidence high, along with increasing disposable incomes and rising concern for life and health among individuals, especially after the pandemic, stimulated demand for life

insurance.
