United Kingdom (UK) Employment Services Market Summary, Competitive Analysis and Forecast to 2027

Summary

Employment Services in the United Kingdom industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2017-22, and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

For the purposes of this profile, the Employment Services market consists of temporary and contract staffing services. Temporary staffing is where agencies supply workers to clients on a temporary basis, whereby the workers remain employees of the agency. Permanent staffing is where agencies recruit workers on behalf of clients, with these workers going on to become employees of the client. The market value is the total turnover of agencies from the provision of these services. Services such as employee leasing and independent contracting are not included.

The UK employment services market had total revenues of \$44.5 billion in 2022, representing a compound annual growth rate (CAGR) of 2.3% between 2017 and 2022.

Market consumption volume increased with a CAGR of 1.2% between 2017 and 2022, reaching a total of 1,334.0 thousand average temporary agency employees in 2022.

The growth in the UK employment services market is influenced by several macroeconomic factors, such as rising GDP and growing business confidence. For instance, business confidence, a quarterly indicator of manufacturing confidence in the UK maintained by the Confederation of British Industry, increased to +6 in the third quarter of 2023 from -2.0 in the previous three months.
