Abstracts

United Utilities Group PLC %li%Company Profile and SWOT Analysis

Summary

United Utilities Group PLC %li%Company Profile and SWOT Analysis, is a source of comprehensive company data and information. The report covers the company's structure, operation, SWOT analysis, product and service offerings and corporate actions, providing a 360° view of the company.

Key Highlights

United Utilities Group PLC (United Utilities or 'the company') is a holding company primarily engaged in the provision of wastewater and water services through its subsidiaries. The company manages a network of reservoirs, pumping stations, treatment works, and water pipes and sewers. It gathers water from lakes, reservoirs, boreholes, and streams; and collects, treats, and deposits wastewater, into sea and river. United Utilities collects water from houses, sewage sludge, and treatment works, and generates renewable energy. It owns licenses for providing wastewater services and water in Northwest of England. The company is headquartered in Warrington, Lancashire, the UK.
