## Abstracts

Waste Management Top 5 Emerging Markets Industry Guide 2017

### SUMMARY

The Emerging 5 Waste Management industry profile provides top-line qualitative and quantitative summary information including: market size (value and volume 2012-16, and forecast to 2021). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

### SYNOPSIS

Essential resource for top-line data and analysis covering the emerging five waste management market. Includes market size data, textual and graphical analysis of market growth trends and leading companies.

### KEY HIGHLIGHTS

These countries contributed \$5,687.6 million to the global waste management industry in 2016, with a compound annual growth rate (CAGR) of 5.2% between 2007 and 2011. The top 5 emerging countries are expected to reach a value of \$7,524.7 million in 2021, with a CAGR of 5.8% over the 2016-21 period.

Within the waste management industry, China is the leading country among the top 5 emerging nations, with market revenues of \$1,909.3 million in 2016. This was followed by Mexico and India with a value of \$1,632.0 and \$1,022.7 million, respectively.

China is expected to lead the waste management industry in the top five emerging nations, with a value of \$2,912.3 million in 2021, followed by Mexico and India with expected values of \$2,011.6 and \$1,344.0 million, respectively.

## **SCOPE**

Save time carrying out entry-level research by identifying the size, growth, and leading players in the emerging five waste management market

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the emerging five waste management market

Leading company profiles reveal details of key waste management market players' emerging five operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the emerging five waste management market with five year forecasts by both value and volume

Compares data from Brazil, China, India, Mexico and South Africa, alongside individual chapters on each country

## **REASONS TO BUY**

What was the size of the emerging five waste management market by value in 2016?

What will be the size of the emerging five waste management market in 2021?

What factors are affecting the strength of competition in the emerging five waste management market?

How has the market performed over the last five years?

How large is the emerging five waste management market in relation to its regional counterparts?

## Contents
