Abstracts

The UK fibres market research report analyses the market size, segmentation, trends, production, international trade and industry structure. The report covers both natural fibres and man-made, synthetic fibres. With five year historical data, and detailed five year forecasts, all data and trends are fully explained throughout the report.

An overview of a number of industry players is also provided, including a five year financial analysis as well as a set of key financial ratios. The report does not attempt to provide a comprehensive list of the leading companies, but reviews a representative sample of the different types of companies operating in the sector in order to provide benchmarking opportunities of relevance to a variety of readers.
