## Abstracts

### About

The report brings to your attention profound analysis of lime market in Turkey. Historical, present and future trends are covered. Experts' opinions and estimations are provided.

large number of lime deposits are determined in the territory of Turkey

construction sector is the main consumer of lime in Turkey

most of Turkey's aggregates market involves the processing of limestone material

because of environment issues (dust emissions and others) investments in expanding aggregates production are opposed by governments and local communities

both production and consumption of lime in Turkey are expected to grow

demand growth will be supported by construction, chemical and metallurgical industries

### Turkey Lime market report key points:
