## Abstracts

Taiwan government has launched Intelligent Transportation Service (ITS) Master Plan in the hope of leveraging Taiwan's advantages in ICT to resolve issues such as the loss caused by traffic accidents, inconvenient rural transport, congestion of transportation systems, and less attraction in public transportation. This report provides an overview of government's initiatives for smart transportation, and the smart transportation industry's supply chain, and identifies the shortage and demand.

## Contents

Taiwanese government's smart transportation initiatives

Taiwanese smart transportation supply chain

Taiwanese smart transportation shortage and demand
