Abstracts

Worldwide PC and tablet market in the first half of 2019 is to be affected by the continuous US-China trade dispute and shortage of Intel's CPU; although the market in the second half of the year is estimated to grow with some new stimuli, the overall market growth in 2019 is forecast to remain flat compared to 2018. This report provides an overview of global PC system market and volume forecast for the period 2019-2023 and looks into the future development trends of the industry by examining the development of major brands and their OEM/ODM partners.
