Abstracts

The growth of worldwide PC system market in 2017 resulted from the commercial PC replacement is not expected to continue into 2018 as 'gaming' and 'slim' PCs could not stimulate more demand from the end market. Therefore, the pace of global PC system market growth is anticipated to plateau and even decline in 2018. This report provides an overview of the global PC market and the Taiwanese PC industry while examining the nascent trends in key components, gaming PCs/ultra-slim notebook PCs, and advanced information technologies.
