## Abstracts

Ballet Shoes (Pointe Shoes) are special dance shoes worn by a ballet dancer with a specially shaped toe that allows the dancer to stand up. The front of it is made of special glue, which sticks the cloth layer by layer and makes it solid, forming a hard head (Box) and a small Platform at the front. There's a Shank inside the Sole, and a leather sole outside. Ballerinas use the shoeboard to help them stand up and use the small plane of the toe to hold the center of gravity in place.
