Abstracts

The bitter melon extract is the extract obtained from the bitter melon fruit that is grown widely in Asia, Africa, and the Caribbean. Due to the bitterness of the bitter melon extract, they are unpalatable for most of people. But there are significant medicinal advantages of the bitter melon extract, which is why they are grown so extensively. The fruit of bitter melon is extracted, concentrated, purified and then dried to obtain the extract. The active components of the fruit are acquired in the bitter melon extract by the extraction processes. It also has a wide array of vitamins and minerals that are essential for the humans. Along with these nutrients they also have antioxidant properties that make the bitter melon extract very beneficial.
