Abstracts

In the booming sharing economy, ship leasing market can become the engine of regional economic development again. Ship chartering companies have expanded rapidly and present strong growth opportunities as millennials clamour for experience over ownership. Ship Chartering is conducted through the Chartering market. In the charter market, the owner is the supplier and the charterer is the demander. In modern times, most of the chartering business between the parties is negotiated by modern means of communication such as telephone, telex, telegram or fax.
