Abstracts

Cannabidiol (CBD) is an ingredient found in cannabis family plants, both marijuana and hemp. Hemp is produced legally and in commercial quantities in many parts of the world, including the United States, Australia, Canada and the UK. To many, CBD is thought to contain most of the health benefits of medical cannabis. CBD has been sought after for many who suffer cancer and other diseases. CBD beverages are not just used to help with medical issues, but also as a dietary supplement among other applications.
