Abstracts

Pudding is a kind of food that can be either a savory dish or a dessert and is widely used as a healthier option available against white rice pudding. The coconut pudding is very soothing, nutritious and a refreshing dessert. Coconut pudding tastes like a cream of coconut and is made with just four ingredients: freshly grated coconut/ coconut milk, sugar, cornstarch and water. It melts once it hits the mouth as it is creamy, silky, and tastes of a pure coconut and thus, is experiencing a growing demand in the global coconut pudding market. Moreover, coconut pudding is full of antioxidants and loaded with fibers, which in turn results in the growing demand for the product among the manufacturers and for commercial use.
