Abstracts

A cut and loop is a style of carpet that is made by combining looped fibers with cut (straight) ones. This allows the manufacturer to create a design in the carpet, which can be geometric or abstract. Cut and loop carpet was very fashionable during the 1970s and 1980s but lost a lot of popularity through the 90s. With many new contemporary styles introduced in the last several years, cut and loop have become trendy once again.
