Abstracts

Deltek channel partners work in conjunction with Deltek to resell its products and services, often with customizations specific to each individual buyer. In addition to the value-added reselling of these tools, many Deltek channel partners also offer implementation services. In situations where partners do not offer those services, buyers can utilize the services of companies that specialize in software implementation to assist with installation and training. Deltek is an enterprise software that provides information solutions to professional services firms and government contractors. Products like Deltek Vision and Deltek Costpoint allow buyers to improve visibility, efficiency, and profitability.
