Abstracts

Direct Primary Care (DPC) is an innovative alternative payment model improving access to high functioning healthcare with a simple, flat, affordable membership fee. No fee-for-service payments. No third party billing. The defining element of DPC is an enduring and trusting relationship between a patient and his or her primary care provider. Patients have extraordinary access to a physician of their choice, often for as little as \$70 per month, and physicians are accountable first and foremost their patients.
