Abstracts

EPrison solutions help administrators of correctional homes & prisons to get real-time access to information about staff and prison inmates, thereby helping to ensure discipline, safety, and gauge the needs of inmates. The use of these solutions is not just limited to confining prisoners from committing crimes, but also help them reform, rehabilitate, and allow prison care takers to streamline their daily prison operational tasks. Initiatives taken by the governments worldwide to modernize/digitalize correctional homes and prisons is the major factor driving demand for ePrison solutions.
